To whom it may concern,

Our office has had the privilege of working with All County Exteriors on a recent roofing and siding replacement project at Grandville Arms Condominium Association in Hamilton, NJ. All County has managed the project with the upmost professionalism, working well with the Board of Trustees, Management, engineers and homeowners. All County has illustrated their attention to detail, quality and safety throughout the project, as well as having the ability to quickly adapt to and unforeseen conditions. Their performance has far exceeded our expectations and it is their attention to detail, prompt response time and forward thinking that has made this project a success.

Sincerely,

Robert Kerezsi, AMS, CMCA
